EXT. ONCE HIGH SCHOOL - AFTERNOON

Once High School, resembling that of a fairytale castle, stands on top of a great green mountain. Behind the high school lies a row of dumpsters where the trash from all throughout the school gets dumped after lunch. The parking lot, filled with horse drawn carriages and other mythical modes of transportation resides to the left of the dumpster line.

A crowd of fairytale creatures hover around the middle dumpster to watch a fight unfold. BABE, PORKY and BACON PIG (18) are bullying PINOCCHIO (16).

Porky holds Pinocchio over the dumpster, threatening to drop him inside.

PORKY

Now...I bet you'll think twice before requesting pork chops in the cafeteria.

PINOCCHIO

It was-just-just a joke! Please put me down! I was kidding-sw-swear.

PORKY

I'll put you down all right-

As Porky drops Pinocchio into the dumpster, Babe and Bacon cheer him on.

PORKY

Anyone else think they're funny today?

The crowd goes quiet. In the parking lot a beat up red car drives up and everyone turns to see who is arriving at school so late. Porky, Babe and Bacon push through the crowd to get a better view of the parking lot. A wolf gets out of the driver side of the car.

Pinocchio, still in the dumpster emerges from the grime to see the wolf and gazes in amazement.

PINOCCHIO

Woah.

Porky, Babe and Bacon watch as the wolf walks passed the crowd, to enter the school through the main entrance.

(CONTINUED)

BACON

Who was that?

LITTLE RED RIDING HOOD (15) is the first to speak. She works for the kingdom paper and has grown a reputation as a gossiper around the high school.

LITTLE RED

That's W. He's new. Word around town is he got kicked out of Neverland High School last week and no one knows why...

BABE

Pfft...that guy? I mean sure he's a wolf, but I mean did no one else see he was carrying a roller backpack. (laughing) I mean what are we five?

PORKY

Babe. Shut up.

PINOCCHIO

Well... he seemed awesome to me! Wonder if he'll give me a ride home after school?

PORKY

Hey. Quiet you wooden freak!

Pinocchio seems hurt by the comment, but continues to lift himself out of the dumpster. The school BELL RINGS and everyone clears the dumpster area to head to class.

Porky motions to Babe and Bacon to stay behind. The three pigs huddle in a circle.

PORKY

Did you see that guy?

BACON

Who?

BABE

That wolf?

PORKY

We've never had to deal with a wolf around here before...What if all this attention and excitement gets to his head and he thinks he can take over around here

(CONTINUED)

BABE

That will never happen...there's
like three of us, and only one of
him

PORKY

But still...he's a wolf.

BACON

What are you suggesting Porky?

PORKY

I'm suggesting...we eliminate the
enemy

BACON

He's not even a threat right now
Porky...

PORKY

I know. But he could be, did you
not hear Red? She said he got
kicked out of school. So why don't
we get him kicked out of this place
too!

BACON

How?

MONTAGE:

1) W drives Little Red home after school, she leaves her
basket of cookies in the front seat on purpose in order to
frame W of stealing. This fails as W is shown returning the
cookies back to Little Red.

2) In chemistry class the pigs mix "wicked witch serum" with
"sleeping beauty NyQuil." This knocks out the entire class,
but all W receives is a two hour detention

3) The pig's switch regular glue with wood glue in order to
get W to glue Pinocchio to the desk in wood shop. This plan
fails, as Pinocchio was out sick that day.

EXT. ONCE HIGH SCHOOL - MORNING

A week has gone by since W's first day of school.

Porky, Babe and Bacon sit on the castle steps planning their next move against W.

PORKY

We're dealing with one lucky wolf I know that much.

BACON

very lucky...

BABE

I mean we've tried literally everything! nothing has worked!

W walks up to the school with the three blind mice by his side.

PORKY

...not exactly everything...

Porky gets off the steps in order to approach W.

PORKY (CONT.)

Hey W! Lemme talk to ya'

W

Hey Porky! What's up!

PORKY

Me and my brothers here would like to have you over for dinner tonight! A sort of welcome to the neighborhood type of thing! We'll even have pie!

W

Wow, uh that's really nice of you all. Sure, what time should I be at your place?

PORKY

Let's make it 7. Sharp.

W

Okay, I'll be there! Thanks guys!

Babe and Bacon stare blankly at Porky, confused at what he had just done.

(CONTINUED)

BABE
well...what was that?

BACON
yea, Porky why are you inviting the
"enemy" over for dinner?

PORKY
I have a plan...tonight we're going
to get rid of that wolf completely.

INT. THE LITTLE PIG'S HOME MADE OF BRICKS - SUNSET

Babe brings the stew off of the stove and onto the wooden dining room table. Bacon sets the table with the proper attire, fancy spoons and cloth napkins.

The DOOR BELL rings and Bacon invites W inside. Porky puts the APPLE PIE into the oven and he and Babe go into the dining room. The four of them begin to eat the stew.

W
This is delicious. Thanks for
having me over you guys!

BACON
No problem. Mi casa es su casa.

BABE
So W...why'd you get kicked out of
Neverland High School? ...kill
someone? (laughs)

The door bell rings.

PORKY
Oh lord... who could that be?

Porky opens the door to find the three blind mice.

MICE (IN UNISON)
We heard there was a party. Can we
come in? Is W around?

PORKY
Nope.

Porky tries to shut the door but the three blind mice creep under the door crack and make their way to the table.

(CONTINUED)

W

Hey you made it! Hey guys I hope you don't mind I told my mice friends here that they could come join us if they wanted to.

BACON

No problem...(nervously gulps)

The timer for the pie goes off in the kitchen and Babe runs to retrieve the pie.

PORKY

We actually only have enough-

BABE

pie! Who wants pie, it's freshly hot from the oven!

Babe sits the pie on the table.

MICE (IN UNISON)

smells delicious!

BABE

Here, W let me cut you the very first slice.

Babe cuts a piece of pie for W and sits it on his plate. JERRY one of the blind mice follows the smell and dives right into the pie. JERRY dies instantly. Porky, Babe and Bacon freeze.

W

Jerry? Jerry?

W realizes what has caused Jerry to die, that the pie was poisonous.

W

You- You tried to kill me? You tried to poison me?

Porky, Babe and Bacon don't say anything.

THE TWO BLIND MICE (IN UNISON)

What's going on? Jerry? W? What has happened?

W lifts the two remaining mice off of the table and scoots them out of the house.

(CONTINUED)

W

You two should get out of here-

Porky, Babe and Bacon stay closely to one another, scooting away from W.

PORKY

Now...W! Before you do anything-
you know-insane-

W knocks over plates, breaks glasses and eventually flips the entire table over. Porky, Babe and Bacon huddle together against the dining room wall.

EXT. THE LITTLE PIG'S HOUSE - NIGHT

W huffs and puffs outside of their house until the entire structure is blown into the distance.

EXT. THE RUBBLE OF THE PIG'S HOME - NIGHT

Bacon lets out a shriek in fear.

PORKY

Now, let's all calm down. I mean
you've destroyed our home for
Christ's sakes.

BABE

We're sorry we tried to kill you!
It was all Porky! spare me!

BACON

Yea- he was threatened by you!
Please don't kill us!

W smiles and approaches the three pigs slowly. He opens his mouth to reveal a mouth full of very sharp teeth.

PINOCCHIO

lying? (he laughs abruptly)

Everyone in the classroom laughs as Pinocchio points to his nose.

(CONTINUED)

LITTLE RED

Hey Pinocchio! Did you hear?
Apparently there's pork chops in
the school cafeteria today!

The bell rings. Everyone in the classroom heads to the
cafeteria.
